Atlas did not go to the TF meeting, (b) (5)
(b) (5) He is driving Deb
crazy.

Hi Tony,

As you may have heard, Atlas did not take part in the WHTF meeting on Friday, and the Great Barrington Declaration did not come up. I can't speak for what happened at the Doctor's call, however, since I am not invited to those (not complaining).

Francis

Subject: Today's Doctor meeting and Task Force

Deb:

I had mentioned to you previously that I would be out of action this morning (b) (6)
(b) (6) and therefore would miss the Doctor's call and
the Task Force meeting. And so, just a heads-up. Over the past week I have come out very
strongly publicly against the "Great Barrington Declaration". See this GMA link at time 4:20 -
<https://gma.abc/37aXlbp> (b) (5)

(b) (5) Atlas will likely say that there is no such thing as post-COVID-19 syndromes,
which is ridiculous. He will also say that the sub-clinical cardiac MRI findings are nonsense.
These clearly need further investigation. The NIH is holding a workshop on these subjects in
December. This is all part of his theme that infections do not bother healthy people. (b) (5)

(b) (5) I will try to connect with you later today or
over the weekend. Thanks.

Best regards,

Tony
